USE OF CREDIT CARDS—TERMS AND CONDITIONS

PA Matthews Audio now accept credit cards subject to the following terms and conditions;

When a request is made to make a payment for a service call or other service using a credit card, an account is created on our system for the specific service call or job which you have requested. Your card name and credit card details **MUST** be taken and recorded (non electronically) and then retained against this account, however unless you request us to, we will not charge your card at this time.

Once we have attended site and your job is completed, we will then add any further costs associated with this job (such as additional time charges, additional visits or materials used) and charge any additional amounts to your credit card. You will then be issued by email with a final receipt listing all charges and payment(s) taken from your card.

Once this final account is issued ,your credit card details are destroyed and are not kept on file by PA Matthews Audio.

Amounts over \$5000 charged to a credit card are subject to a 1.2% card administration fee.
